FRIDAY, OCTOBER 21, 2022

Room Name	Time
Meeting Atrium	12:00p.m.
Registration Desk	2:00p.m.- 6:00p.m.
Mahler Auditorium	2:30p.m. 2:45p.m.-3:35p.m.
	3:30p.m.-4:00p.m. 4:00p.m.-4:50p.m.
	5:00p.m.-6:40p.m.
Banquet Room	6:45p.m.-9:00p.m.

Event

Exhibitor Set-Up

Registration Open

Welcome and Opening Remarks John E. Titak, O.D., GOA President

Differential Diagnosis of ONH Edema (1hr) COPE Approval Pending

Lecturer: Elizabeth Steele, OD, FFAO

Clinical examination of the pre-laminar optic nerve is one of the most crucial aspects of the eye exam. With a list of differentials to consider, from benign to life-threatening, accuracy in diagnosis is of utmost importance. Through a series of case reports, this lecture will cover diagnosis and management pearls when it comes to differentiating disc edema from other potential causes of disc elevation.

PM Break

Thinking Outside the Box with Normal Tension Glaucoma

(1hr) COPE Approval Pending **Lecturer:** Elizabeth Steele, OD, FFAO

Normal tension glaucoma is often an unpleasant diseases to diagnose and attempt to treat. Reduction of IOP can seem futile, and even impossible, depending on how low the baseline. While we are still learning about the mechanisms of NTG, we can be sure that there are modifiable risk factors to be considered. This lecture will discuss current opinions and approaches, including the connection to systemic disease e.g. sleep apnea, migraine, Raynauds and some systemic medications e.g. anti-hypertensives.

Systemic Disease Grand Rounds (2hrs) COPE Approval Pending

Lecturer: Elizabeth Steele, OD, FFAO

Course Description Coming Soon

GOA BOT Meeting and Dinner

SATURDAY, OCTOBER 22, 2022

Room Name	Time
Registration Desk	7:00a.m.-4:00p.m.
Meeting Atrium	7:00a.m.-9:40a.m.
Meeting Atrium	7:00a.m.-8:00a.m.
Masters Hall	7:20a.m.
Masters Hall	7:30a.m. – 8:00a.m.
Mahler Auditorium	8:15a.m.-9:55a.m.
Meeting Atrium	9:55a.m.-10:45a.m.
Mahler Auditorium	10:45a.m.-11:35a.m. 11:45a.m.-12:35p.m.
Meeting Atrium	12:35p.m.-1:30p.m.
Banquet Area	12:30p.m.-1:30p.m.

Event

Registration Open

Exhibitor Set-up/Exhibits Open

Continental Breakfast **sponsored by** Bausch & Lomb

Promotional Introduction John E. Titak, O.D., GOA President

Bausch + Lomb's Innovation through Experience (Informational Only)

presented by Mark Schaeffer, OD

sharing the details of their newest technology, INFUSE contact lenses

Path(ology) to Payment (2hrs) COPE #80186-PM **Lecturer:** Scott Moscow, O.D.

Code with confidence! Learn a systematic way to select the appropriate exam code and learn what diagnostic tests/procedures are appropriate for each diagnosis. Learn which diagnostic tests can be billed together at a particular visit and when it is appropriate to use a modifier to get paid for both an examination as well as a procedure. This is an interactive lecture that will allow participants to text in answers to questions asked during the presentation.

AM Refreshment Break

Course Title TBD (1hr) COPE Accredited CE **Lecturer:** Nichelle Warren, M.D.

Course Title TBD (1hr) COPE Accredited CE **Lecturer:** Kenneth Neufeld, M.D.

Box Lunch

Past President's Lunch

SUNDAY, OCTOBER 23, 2022

Room Name	Time	Event
Registration Desk	7:00a.m.-2:30p.m.	Registration Open
Meeting Atrium	7:00a.m.-8:00a.m.	Continental Breakfast sponsored by CooperVision
Masters Hall	7:20a.m.	Promotional Introduction John E. Titak, O.D., GOA President
	7:30a.m. – 8:00a.m.	Act Today, Change Tomorrow (Informational Only) presented by: Christina Locke, OD, MS Changing the lives of millions of children with progressing myopia means changing how the profession addresses it. Prescribe the first and only FDA- approved *MiSight® 1 day myopia control soft contact lenses so that age- appropriate children enjoy the benefits of having their vision corrected today while simultaneously slowing the progression of their myopia. Together, we can ensure children with myopia have a brighter tomorrow. <i>*Indications for use: MiSight® 1 day (omafilcon A) soft (hydrophilic) contact lenses for daily wear are indicated for the correction of myopic ametropia and for slowing the progression of myopia in children with non-diseased eyes, who at the initiation of treatment are 8-12 years of age and have a refraction of -0.75 to 4.00 diopters (spherical equivalent) with ≤ 0.75 diopters of astigmatism. The lens is to be discarded after each removal.</i>
	7:00a.m.	Exhibits Open
Mahler Auditorium	8:00a.m.-8:50a.m.	Course Title TBD (1hr) COPE Accredited CE Lecturer: TBD
	9:00a.m.-9:50a.m.	Utilizing the Latest Diagnostic Technology in the Management of Ocular Disease (1hr) COPE Approval Pending Lecturer: Michael Cymbor, O.D. Technologies such as electroretinography, dark adaptation and OCT angiography are often able to diagnose ocular disease much earlier in the disease state spectrum. Dr. Mike Cymbor will discuss his experiences with these technologies.
Meeting Atrium	9:50a.m.-10:30a.m.	Refreshment Break - Exhibits Open
	10:30a.m.-11:20a.m.	Next Level Management of Diabetic Retinopathy and Glaucoma (1hr) COPE Approval Pending Lecturer: Michael Cymbor, O.D. Course Description Coming Soon...
Banquet Area	11:20p.m.-12:30p.m.	Plated Lunch
	12:30p.m.-2:10p.m.	The Practical Management of the Angle Closure Spectrum (2hrs) COPE Approval Pending Lecturer: Michael Cymbor, O.D. Angle-closure disease is often viewed as a single disease entity. It is more accurately a heterogeneous disease that involves different mechanisms. Multiple barriers exist which may limit the clinicians understanding of any given case, leading to the perception that angle-closure management is overly complex. This lecture explores the latest angle-closure research while leaning on the experience of two seasoned glaucoma clinicians to help simplify the topic.
Meeting Atrium	2:00p.m.-2:30p.m.	Refreshment Break
	2:30p.m.-3:20p.m.	Georgia Laws and Rules Non-COPE, Georgia State Board of Optometry Approved (1hr) Lecturer: Aubrey Villines, GOA General Counsel
	3:20p.m.	Meeting Adjournment
